

Notice of voluntary consents received by transmission customers allowing the company to disclose non-public transmission customer information to the company's marketing function employees. Information is posted as required by the FERC Standards of Conduct Transparency rule in Section 358.7 (c). The Company did not provide any preferences, either operational or rate-related, in exchange for the voluntary consents.

Information posted on behalf of all Evergy electric utility operating entities.

Last updated: August 20, 2026
