

Notice of waiver of a tariff provision granted in favor of an affiliate, unless such waiver has been approved by FERC. Posting of this information is required by the FERC Standards of Conduct Transparency rule in Section 358.7 (i).

Information posted on behalf of all Evergy electric utility operating entities.

Last updated: August 20, 2026

Date of Waiver	Name of Affiliate	Description of Waiver
The Company's Transmission Providers participate in the Southwest Power Pool Regional Open Access Transmission Tariff and enforce all applicable provisions on a non-discriminatory basis to all eligible transmission customers without preference to any particular customer, affiliated or non-affiliated. SPP posts on its OASIS site any waivers or information relating to tariff-related matters.
