Rebates valid for measures installed on or after January 1, 2024, for Evergy Missouri customers.

*All systems are required to have the SEER2 rating and be Air-Conditioning, Heating and Refrigeration Institute (AHRI) certified. This certification may require installation of a new furnace or air handler. Ask your contractor for details.

[†]Maximum Incentive = Maximum payout per measure for Missouri Energy Efficiency Investment Act 3 (MEEIA) from January 1, 2020 through December 31, 2024.

[‡]Spire natural gas customers are eligible for both the Evergy and Spire rebates.
